ABOUT THE WINE

Embark on a sensory voyage to Sardegna Island with our distinguished white wine. This wine is infused with the essence of the island's light sea breeze and coastal character. It showcases a luminous straw yellow color, highlighted by delicate green hues. These shades evoke the pristine landscapes and natural beauty of Sardegna. The bouquet is vibrant and inviting. You will notice fresh fruity and floral aromas that awaken the senses. Notes of citrus, white flowers, and orchard fruits mingle gracefully. On the palate, this wine reveals a dry, fresh, and sapid character. It perfectly captures the essence of Sardegna's unique volcanic and coastal terroir. The taste is balanced with bright acidity and a persistent, well-structured profile that lingers long after each sip. This Sardinian white wine pairs exceptionally well with a variety of seafood dishes. It shines alongside shellfish such as grilled shrimp and seared scallops. It also pairs beautifully with classic Mediterranean pasta dishes like spaghetti alle vongole. The wine's crispness and minerality enhance the flavors of grilled vegetables and fresh goat cheeses as well. These pairings highlight the wine's coastal freshness and its subtle mineral-driven complexity. To fully enjoy the nuanced flavors and aromas, serve this wine chilled between 46–50°F. This temperature range allows the wine's vibrant character to unfold and enchant your palate with every sip. Whether you are enjoying a casual meal or celebrating a special occasion, this Sardinian white wine brings the spirit of the island to your table.
